

VIVREAU ViTap

EXCLUSIVE DESIGN TAP FOR CHILLED STILL, SPARKLING AND HOT WATER.

The VIVREAU ViTap is the clever and easy-to-use multifunctional water dispenser for tea kitchens, offices, conference and banqueting rooms.

Besides supplying chilled still and sparkling water, it also includes a hot water function for tea drinkers.

The VIVREAU ViTap is a space-saving solution: Only the tap is installed on the work surface, while the cooling-carbonating unit and the boiler can be accommodated in the base cabinet underneath. The VIVREAU ViTap is available in five dispense options, considering individual water requirements.

OPT FOR CLEAN. OPT FOR GREEN.

At BRITA we have always cared about the environment. Our philosophy is to provide the best quality water from the most local source, eliminating the need for costly and polluting transportation and packaging.

The installation of a BRITA Water Dispenser has an immediate impact on your ecological footprint.

THE BENEFITS TO YOU

- Chilled still, sparkling and hot water from one single modern design tap
- Hot water safety feature
- Various dispense options
- Perfect water flow with zero splash
- Removable dispense nozzles for improved hygiene
- Plumbed to waste flush fitting drip tray

CORRESPONDING ACCESSORIES

With our accessories you make life even easier and the water supply even smoother.

Discover the option VIVREAU ViTap Plus with its extended height tap for easy bottle filling without splash.

Combined to VIVREAU ViTap dispenser, our unique Wave bottles perfectly complements your water supply solution. Personalized with your logo, these high quality reusable bottles can contribute to increase brand awareness – the ideal everyday accompaniment for employees and guests.

Ask your sales representative for details.
