

Combico UK is the specialist training arm of the First Choice Group and provides technical training courses and assessments for engineers and technicians working within the commercial foodservice industry. Its dedicated onsite training facility is conveniently located at the centre of the country in Cannock and has good motorway connections throughout the country. Training is provided by a team of professional trainers who have many years experience in the commercial catering equipment industry. Facilities include a fully functional professional kitchen together with the very latest in educational technology to ensure that the training team can provide effective and engaging courses for those who attend.

## RATIONAL COMBI OVEN TRAINING

Combico UK has built a unique partnership with Rational AG over many years. We are an appointed Service Training and Spares Partner and have been approved as a National Technical Training Centre for service technicians.

Courses include both installation and maintenance of the Rational range of combination ovens and all engineers who attend a course can benefit from continued technical support from the Combico UK training team.

Courses are held throughout the year, usually twice a month, but can be specially arranged to suit individual requirements - call Combico UK on 01543 460385 to discuss any special needs.

### Rational Installation Training

A one day course covering the installation and commissioning of both gas and electric models. Please contact us for further details.

### Rational SCC WE Training

With this three day in depth course we guarantee the best technical insight into these sophisticated cooking appliances, to suit the individual needs of an engineer. The course covers routine maintenance and fault finding for both gas and electrically heated models. Training and updates for the latest Rational 5 Senses technology is also included.
